MATHS

- **Number - Place Value -** Children will continue to practice reading and writing numbers to 50. They will be using number lines and identifying 1 more and 1 less than a given number. Children will learn to partition numbers into tens and ones. (For example, 45 can be partitioned into 40 and 5, 45 is 4 tens and 5 ones).
- **Multiplication and Division** – Children will be starting to count in 2s, 5s and 10s. They will be introduced to the concept of division through the process of sharing amounts equally. Children will also develop an understanding of doubling and relate this to their understanding of halving.
- **Fractions –** Children will be finding half of a number and half of shapes. We then move onto finding a quarter.

HISTORY

Famous Sea Explorers – Children will find out about famous sea explorers (Christopher Columbus, Ernest Shackleton, Jacques Piccard, Leif Erickson). They will then sequence them chronologically starting with the earliest explorer to the most recent.

SMSC

- **Healthy Me –** Children will develop a broader understanding of what it means to make healthy, balanced lifestyle choices. They will also explore the importance of cleanliness, the safe use of medicines and road safety.
- **The Easter Story-** Children will learn about the significance and symbols associated with the Christian celebration of Easter.

COMPUTING

- Children will develop their word processing skills including: typing, symbols and save, editing, undo and redo, selecting and formatting and formatting of text.

ENGLISH

- **Grandma Bird (Letter)**
  Children will explore the shapes that make up the non-fiction text of a letter. Following reading 'Grandma Bird,' by Benji Davies, the children will then write a letter in the role of the story's main character, Noi.
- **Little Red Riding Hood (Traditional Tale)**
  Children will complete a range of experience and sentence stacking lessons based around the retelling of this traditional story, by Lari Don. Following this, the children will retell the traditional tale using the character Little Yellow Riding Hood.

Arrr You A Pirate?

Yo-ho-ho! Arrr...me hearties, it's a sailor's life for me! Get your sea legs on, it's time to sail the salty seas. Navigate, investigate and explore the world! You might want to play games using a compass or following simple directions, forwards, backwards, left and right. You could discuss rules about water safety including how to stay safe in the water and on board a boat.

D&T

- Children will complete a unit of work centered around Pirate Paddy and his 'Packed Lunch Problems.'
- Children will consider the problems and positives of Paddy's existing lunchbox.
- Children will then look at other existing products and use this to inform their own design of a new and improved product.
- Children will then develop their understanding of structures.

SCIENCE

Local Habitats and Seasonal Changes- Children will observe changes in the context of winter to spring and revisit the tree that they have sketched previously in autumn and winter.
Plants- Children will begin to describe and compare plants, seeds a bulbs, learn about the structure of a flowering plant, plant a sunflower and learn about some common wild and garden plants.

GEOGRAPHY

- **Where we live! Waters that surround us! –** The children will use an atlas and identify the countries and seas of the UK.
- **Treasure Maps –** The children will look at some maps and identify the features. They will then sort them into physical features and human features.

PHYSICAL EDUCATION

- **Real Dance:** Children will complete a unit of work in which they will learn and develop shapes and circles and create sequences of movement with these through partnering and artistry.
- **Attacking & Defending** – Children will pass a ball to each other and begin to get into a space to intercept a ball.

MUSIC

Charanga Music- Learning to Listen

- Children will learn about the importance of listening with their eyes and ears and how we can also feel sound within our body.
- Children will get the opportunity to appraise songs, sing them and accompany the songs using a glockenspiel.
- Children will also get opportunities to improvise, compose and perform.

SPECIAL EVENTS

Local Area Walk-Thursday 27th March
The children will explore the plants and trees that surround them with a short walk around their local area.
