- **Mass and Capacity**
- **Money**

ENGLISH

The Write Stuff

- **Traditional Tale** – 'The Magic Paintbrush' story book. Children will write their own version of the story following the plot and structure of the book.
- **Persuasive Advert** – Children will write an advert for a sustainable product

SCIENCE

Light

- Children will learn that some objects produce light energy
- Children will distinguish between light sources and objects that reflect light
- Children will investigate which surfaces have the best reflective properties
- Children will recognize that we need light in order to see things
- Children will learn the terms transparent, translucent and opaque
- Children will explore shadows

FRENCH

- The children will learn to greet each other in French
- They will learn the numbers 0-12 through rhymes and songs
- The children will begin to ask and respond to simple questions.

Where is my home?

Year 3 – Autumn 2

Get ready to explore cities, towns and countryside as we look into where it is we live, as well as how other people in different parts of the world live. We will explore the local area through maps, pictures and travel to get to know where we live and what makes it unique.

GEOGRAPHY

- The children will use a web-based satellite mapping tools to view light patterns across the world
- They will make contrasts between the planet's densely populated and remotest areas
- The children will make a map to design a communal area for a fantasy city centre.

SMSC

RE

- The children will look at the question 'how can good overcome evil' through the study of Diwali (Sikhism)

PSHE

- The children will be focusing on the Jigsaw unit 'Celebrating Difference'

History

- Children will use a range of historical source materials to research the history of their town.
- They will discuss how it has changed over the years.
- Children will predict how they think their town or city will change and decide on one pioneering change they would like to make for their future of their town.

COMPUTING

Word Processing

- Children use laptops to present text using word processing applications.
- They will format text using various keys and functions.

ART AND D&T

Art

Working with Surface and Colour: children develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.

SPECIAL EVENTS

PHYSICAL EDUCATION
